Leonard Blanchette, General Manager
 Brunswick Sewer District
 8 Pine Tree Road
 Brunswick, ME 04011

Dear Leonard Blanchette,

Thank you for another successful renewal of the Department of Labor's SHAPE award. Because of your efforts and the efforts of the employees of the Brunswick Sewer District, you have again received the highest honors for promoting and consistently improving conditions for the safety and health of employees.

Enclosed is your date tag to be attached to your existing SHAPE plaque, which should be attached at your earliest possible convenience. Even though the Brunswick Sewer District has exempted themselves from BLS inspections, we hope that you will still use the services of the Department of Labor whenever possible and you will seek and help other employers to help promote the SHAPE program.

Included is a tag to attach your current SHAPE plaque extending your award and exemption to May of 2022.

Sincerely,

Michael LaPlante, Program Manager

It is with great pleasure that the Maine Department of Labor, Bureau of Labor Standards, presents the Brunswick Sewer District with the Safety and Health Award for Public Employers (SHAPE). The SHAPE award was originally conceived in 2005 as a way to recognize Public Sector employers and employees who are striving to provide a "safe and healthful" workplace. This award is given **only** to exemplary public sector employers after a thorough review and inspection of the employer's Safety and Health Policies and Procedures by a SafetyWorks! consultant. This includes:

- * A review of the employer's OSHA 300 log, used to document injuries or illnesses.
- * A review of all Safety and Health policies, procedures and programs including: Hazard Communications, Respiratory Protection, Bloodborne Pathogens, Confined Space, Emergency Action Plans, Lockout/ Tagout, Personal Protective Equipment (PPE) Assessments and Hearing Conservation.
- * A review of the employers training programs
- * An inspection of the Facility(s)
- * An inspection of equipment
- * A review of the employer's documentation and record keeping

A well-rounded Safety and Health Program achieves lower employee injuries and illnesses and provides for better employee morale and retention. Receiving this award from the Maine Department of Labor exempts the Brunswick Sewer District from the Bureau of Labor Standards' routine or programmed inspections for two years and is a renewable commitment.

Congratulations,

Jeanne S. Paquette
 Commissioner of Labor

Pamela D. Megathlin
 Director of Labor Standards
